

Directions for Grammar Assignments

Follow each day's grammar assignments carefully: they will fluctuate between reading/understanding certain sections and completing exercises. Be mindful of the sections where you are directed to "read carefully" as they will offer definitions, exceptions to certain grammatical rules, and will help in the completion of exercises in those sections.

You are not required to take notes; however, it is highly recommended.

All grammar assignments must be typed and formatted in the same fashion:

1. Times New Roman font, size 12 font
2. Heading must go in **upper right-hand corner** (no title is necessary):

Example: James Warner
June 18, 2019
Ex. Number, Page Number (Ex. 3, pg. 16)

3. Each grammar exercise must be completed on a separate document with the proper heading.
